U. S. PERMITS RED CONTROL OF GERMANY

HAS OUR RED CROSS IN RUSSIA YIELDED TO THE COMMUNISTS?

Apparently under the New Deal, Communism has saturated every organization the Administration could influence. The Red Cross, long respected by everyone, began to slip when its President, **Norman Davis**, was known as F.D.R.'s roving ambassador. He was sent all over the world, building fences that were to put us into a war to clear the way for Communism in Europe.

But now we have indisputable evidence that in at least one country the Red Cross is used as a Communist agency. American citizens will be interested to learn that the twenty-seven million dollars in supplies

they paid for and sent to Russia were taken by the GPU or NKVD, Stalin's Red Murderers, as these supplies were unloaded from the ships.

Mr. Hubble, our Red Cross agent in Moscow, who was to see that these supplies went to the needy, has never seen any of the supplies, so could not give any out. Not one agency exists in all of Russia where such supplies can be passed out to the needy . . . and the needy did not receive one dime's worth.

Mr. Hubble and his assistants could have been here in the U. S. all the time, in place of lying in luxury at Red Cross expense. They had nothing to do. Judging from the close, quiet cooperation **Mr. Hubble** gave in surrendering all supplies to the **Russian Gestapo**, it is reasonable to assume that **Mr. Hubble** was hand-picked for the job by Reds in Washington.

Below we give you part of an expose by **Father Leopold Braun, A.A.**, Administrator of Moscow, American Catholic Chaplain for eleven years in Russia, 1934-1945.

"When **Mr. Hubble** candidly explained his ignorance of the fate and destination of these supplies amounting to millions of American charity dollars, I told him where the supplies were going. I told him I knew for an absolute fact that these were being almost exclusively, but always secretly, handed out to the GPU (alias NKVD, now recently changed to the MVD people who are the last to have any claim to the fruits of American charity contributions. These officially-protected bandits and torturers of human conscience and liberty are gorging themselves to this day in the greatest charity scandal the world has seen for a long time. It must be said, however, that in order to save their faces during some official visit or inspection, the authorities will take care to show some blankets, surgical instruments and a few spoons used in hospitals, nurseries, etc.

"The American public has never been told that in all of the USSR there is not one single distributing point open to the general needy public where these supplies are handed out as the American people surely must think they are. It is not at all in the interests of the Soviet Government to let it be known that the American nation is feeling for their war-ridden land to the extent of sending them the necessities of life so sorely needed. I told this to **Mr. Hubble**, who did not in the least appear to

GENERAL PATTON CRUSHED AND MORGAN FIRED BY LA GUARDIA WHEN THEY DIDN'T FOLLOW MORGENTHAU PLAN, WHICH WOULD FORCE CHRISTIANS TO ACCEPT COMMUNISM OR FACE EXTERMINATION — PASSION PLAYERS TO BE JAILED FOR TWENTY YEARS AS NAZIS.

If it is to be the purpose of the American people to help force the entire seventy million German people into Communism or exterminate them, our government should issue a statement that will make our position clear. Such is the program that is being carried on by the United States through the influence of a small but powerful group.

Immediately after the collapse of Germany, Communists entered that country as official agents appointed by the New Deal Administration. They soon began to set up Communism in the American Zone, which plan is being carried on energetically under cover of the claim of de-nazifying Germany. (The same plan was ready to be set up in all other countries that were liberated).

All who were pointed out by local Reds as Anti-Communists were promptly liquidated as Collaborators or Fascists (just as we anti-Communists will be pointed out by our Reds if Stalin takes over in the U.S.). In Germany the only ones safe from being branded Nazis are Communists. Our Army officers were guided by Civilian Reds sent from Washington and New York City. Army officers quickly learned that when these Red agents said a German was a Nazi there was White House pressure behind his statement.

General Patton learned this and was crushed and ruined for opposing Communist influence. (Soon THINK WEEKLY will give you all the particulars of General Patton's being ruined by Reds in the U. S.).

English General Morgan learned it when he was fired from UNRRA by LaGuardia for saying Communist Spies were using UNRRA as an umbrella for operations.

Now Lieutenant General Lucius Clay, Deputy American Military Governor of Germany, is receiving his orders from Max Lowenthal, who was appointed by the Red dominated New Deal administration as General Counsel to General Lucius Clay. Max

SUPPORT FOR ARCHBISHOP STEPINAC IN VAIN, AMERICAN BISHOPS ARE NEXT

Those who are sending in requests to Secretary Byrnes, asking that he bring pressure to relieve Archbishop Stepinac of Communist persecution should realize that in spite of the reception the Secretary gives the letters, Byrnes is tied.

Byrnes has been powerless to remove the hundreds of Reds from the State Department, including the leaders. While Byrnes is away, the Reds run the Department to suit Stalin's world-wide sales force. Before the State Department can sincerely exert its influence in Yugoslavia it must clean the Red Fascists out of its own house.

Gustave Duran recently resigned from our State Department after Argentina published a picture of him wearing a Spanish officer's uniform bearing the hammer and sickle. (Too bad they don't have a picture of Spruille Braden and Undersecretary Dean Acheson).

And what of the men in this Department who are against Communism? Former Undersecretary Grew and Ambassador Patrick Hurley were forced out because they were Anti-Communist.

So we see how in vain are the efforts of our people on behalf of Archbishop Stepinac. In this government "of the people, by the people, and for the people" the people are no longer heeded by their elected servants. Indeed the United States of America cannot hope to have any influence on Foreign affairs when its domestic affairs are in such a state of confusion.

BIT OF THIS & THAT

By David Goldstein, LL. D.

TRYGVE LIE is a Socialist who will bear watching on account of his sympathy for the Soviet regime, to whose delegates he owes his five year top job in the United Nations. General Secretary Lie expressed his fear to the General Assembly (Oct. 24) that "so long as the Franco regime remains in Spain, it will remain a constant cause of mistrust between the founders of the United Nations." The Spanish press rightly called this "one more Communist maneuver." Fear usually follows from ignorance, and of this Lie is not guilty. He well knows that there is but one "cause of mistrust between the founders of the United Nations," and it is not Franco. It is the man Trygve Lie conferred with in the Kremlin not long before "the attention of the General Assembly was called to the Spanish question." The Franco regime cannot be considered ideal by any lover of democracy. Yet its displacement by the so-called "Republicans," who, with the Communists, seek its overthrow, would inaugurate a reign of terror such as caused the Franco revolt, if not worse.

PAN SLAVISM seems to have taken the place of the Communist International as an out-in-the-open endeavor to further Stalinism. It was no longer necessary to have a Communist International made up of representatives of all nations, with a secretariat in Moscow, as its work of undermining "capitalist nations" is being carried on by Russian Firsters in all the lands they inhabit.

PAN-SLAVISM, long in the blood of the people of Eastern nations, has extended its threat to our western hemisphere. An American Slav Congress was formed "in response to the All Slav Committee in Moscow," as the Daily Worker informed us (April 1943). Its anti-American meeting in Madison Square Garden (Sept. 22), at which ambassadors to Poland and Yugoslavia, aided by Secretary Wallace, Louis Adamic, the Vice-President of the Amalgamated Clothing Workers Union (Pres. of the A.S.C.), and others, had the effrontery, after reading Stalin's cabled greetings, to advocate Soviet foreign policies, and to hiss the name of our American Secretary of State. It is easy to imagine what would have happened to such a gathering in Moscow, if they dared to advocate our American foreign policies, and to hiss the name of Molotov.

THE EDITORS, writers and commentators, who wrote about this propaganda meeting in our daily papers and magazines, seemed to be unaware of the fact that Stalin's Pan-Slavism is Czarist and not Marxist. It was condemned by Karl Marx in 1855, during the Crimean War, for reasons that warrant its condemnation in 1946. One needs only to substitute the name of Generalissimo

Stalin for Czar Alexander II, and increase the number of soldiers from 800,000 to 8,000,000, or more, in the N. Y. Tribune statement of Marx against Pan-Slavism, to see its present-day application. After warning the world that if Austria lines up with the West, "Alexander II will place himself at the head of the Pan-Slavist movement and change the title of Emperor of all the Russians into that of Emperor of all the Slavonians," Marx said: "Pan-Slavism is not a movement which merely strives after national independence; it is a movement which, thus acting upon Europe, would tend to undo what a thousand years of history have created; which could not realize itself without sweeping from the map Hungary, Turkey, and a large part of Germany. Moreover it must subjugate Europe in order to secure the stability of these results, if they are ever obtained. Pan-Slavism is now, from a creed, turned into a political menace, with 800,000 bayonets to support it."

COMMUNISM IN ACTION

THE O. P. A.

With the budget unbalanced
And the deficit growing,
With a veritable flood
Of new money outflowing,
We were told, in a tone
Both positive and knowing,
That O.P.A. would keep prices down.

Porter promised us glibly
That a way would be found
To push prices downward,
Yet make meat abound,
Result --- no fifty-cent
Beef or pork ground,
But plenty of turkey
At a dollar a pound.

That's how it kept prices down.

Yes, it stripped us of meat,
And it stripped us of soap,
But furnished us plenty of
Untrustworthy dope.
Thank heaven, 'twas given
An abundance of rope,
Not long will it keep prices down.

When Truman, at last,
Let meat ceilings go,
Meat shortages faded
Like late spring-time snow
And black-market prices
Were dealt a great blow
He found how to bring prices down.

But sugar and housing
Still are tightly controlled
Hence both remain scarcer
Than silver or gold.
But O.P.A., dying,
Will loosen its hold,
Then houses and sweets will abound.

When the price tyrant passes,
No tears will be shed;
But we'll remember his blunders
Long after he's dead.
Let's make sure that it never
Again can be said

That O.P.A. can trample us down.
---Willford I. King.

WII L WE NEED LAWYERS ?

A cheerful thought for lawyers in the United States who are too busy to look into Communism:

When the Russians took over Poland and the half of Germany they now occupy, they killed all the lawyers.

They don't need lawyers at their trials!

CONSTITUTION AND U. S. FLAG GO SIDE BY SIDE

By The Observer

How many Reds and Communists in the Administration should be thrown out of office --- hundreds of them, including some in Congress. And many should be put in the pen for sabotaging and almost bankrupting our country in their efforts to turn America over to Stalin.

When a citizen attaches himself to a public payroll, including officers in the Army and Navy, he takes an oath to: "support and defend the Constitution of the United States . . . " - Not the Administration. The Administration is not the Government --- not yet. The penalty which the Constitution provides for violation of that oath in the least particular is removal from office.

Violation of the oath to support the Constitution is disloyalty to the flag and therefore to the American people of the most dangerous kind, because it is the disloyalty of those who have sought and accepted a trust. Flag and Constitution have travelled side by side. They will stay up or go down together.

FOSTER SAYS RED ARMY WILL STAND BEHIND COMMUNIST CONTROL OF THIS COUNTRY

William Z. Foster, present head of the Communist Party U. S. A., has publicly declared:

"Our Party . . . creates no illusions amongst the workers that they can vote their way to emancipation . . . The working class must shatter the capitalist state. It must build a new state, a new Government, a workers' and farmers' Government, the Soviet Government in the United States --- and that day will come just as surely as the sun rises --- and that Government will not be a capitalist Government but a Soviet Government, and behind that Government will stand the Red Army to enforce the dictatorship of the proletariat. (Cong. Rec. Vol.75, p.2464; MDR. p.76)

" . . . to develop a revolutionary American political program and party, to set its feet firmly on the Marxian-Leninist path, and to lay the foundation for a revolutionary struggle that is now gradually mobilizing the . . . masses and that will one day put 'finish' to bankrupt American capitalism and establish a Soviet America." (The Communist, November, 1935, p.1057; MDR1, p.33; Am. Castle of Freedom, p.57).

GREEN WARNS VETERANS

President William Green, of the American Federation of Labor, warned the VFW encampment at Boston that Communism's menace today "looms more dangerous from within than from without". He charged that "Communist-led labor unions are seeking revolution".

WOULD AMERICANS LOVE LIBERTY MORE IF THEY LOST WHAT WE HAVE?

A Pittsburgh newspaper wrote the following concerning American Patriotism:

"Americans would love liberty more IF THEY LOST IT. Men of that unlucky generation will be glad to leave THEIR blood on some future battlefield TO WIN IT BACK.

"Why be so careless of it now, when it is ours for the mere safekeeping?

"Americans are LAZY again.

"We are raising a generation of American children by setting an example of patriotic carelessness for them.

"We are not passing the heritage of American freedom along to the oncoming generation, as it came to us, with full acceptance of the obligation for the defense that goes with it.

"If we keep this up, America will keep fighting for its liberty and perhaps LOSE IT.

"America would never have been free if it had not fought with Washington TO WIN FREEDOM.

"America would not have survived as a free nation if it had not fought with Lincoln TO PRESERVE FREEDOM.

"Our present task is infinitely easier, if we will make it so. We have not yet slept so long that we cannot arouse ourselves. Careless as we have been, we have not yet lost our liberties so irrevocably that they cannot be reclaimed.

"LAZY PATRIOTISM is a national menace we must not discount.

"Citizens who do not think it is important to protect inherited rights and liberties are DANGEROUSLY lazy.

"People who think veneration of the nation's traditions, pride in its history and confidence in its principles, are old-fashioned and backwoods are the LAZIEST KIND of patriots.

"But why should Americans, who still have these things, worry about them? Are they not ours, in perpetuity? Who is there to take them from us?

"Look across the ocean. There you will find other countries whose peoples once had the rights we now enjoy, and were careless of them.

"They do not have them now.

"They cannot worship God as they please, or speak according to conscience, or participate in the affairs of their own governments.

"These people can give Americans the answer to the question of what CAN happen to a nation that grows indifferent toward liberty, and refuses to fight to preserve it."

A LITERARY GEM

Langston Hughes of the Political Action Committee and a writer for "Daily Worker", gives us a Communist literary gem:

"GOODBY CHRIST:

"Listen, Christ. You did all right in your day, I reckon

But that day is gone now.

They ghosted you up a swell story, too,

Call it Bible, but it is dead now.

The popes and the preachers have made too much money from it;

You ain't no good no more; they've pawned you

Till you done worn out.

Goodby, Christ Jesus, Lord God Jehovah,

Beat it away from here now,

Make way for a new guy with no religion at all,

A real guy named Marx, communist; Lenin, peasant; Stalin, worker; ME.

Go ahead on now and step on the gas, Christ.

The world is mine from now on; move,

don't be slow about movin',

And nobody's goin' to sell me to a king or a general or a millionaire."

Here you have Anti-Christ.

What kind of people are we, that Christ-haters are allowed to grow rich in the U. S.?

UNRRA GOODS GO TO MR. STALIN AND TITO

American Women's Volunteers Service workers who have spent many months service in Europe report upon their return that 30 per cent of UNRRA supplies to Yugoslavia go to Marshal Tito's Communists and 70 per cent go to the Russians.

UNRRA was set up to function this way by the Herbert Lehman regime, and LaGuardia was carefully picked to continue the work and not expose the arrangements for camouflaged support of Communism in Europe and Russia.

Criticism of Communist agents by English General Morgan brought about the removal by LaGuardia of this general from his post in UNRRA.

When will America wake up as to how and where Communism is being almost entirely financed by America through many camouflaged agencies. In addition to our financing UNRRA, we sell them millions of dollars worth of army supplies for almost nothing.

ALONG WITH TRUTH, ZEAL IS NEEDED

We have no advertising to support the paper, no advertisers to tell us what we can and cannot print. Hence you get the unvarnished truth in THINK WEEKLY. And never was the truth needed as it is today.

But because of the absence of the financial support of advertising, we are forced to take a loss each week. And we now ask our friends to help us take care of this loss.

Each week up to this time we have been sending free papers to more than seven hundred people for distribution in many states. We depend solely upon subscriptions and small donations. If people with real money would back us we could increase our effectiveness three fold.

We welcome investigation and will gladly call to see anyone who is interested and is willing to back us.

Get behind us in this fight. Again we repeat --- Never was the truth needed as it is today.

WE HAVE THE TRUTH, BUT WE NEED YOUR ZEAL.

SHORTAGE OF PAPER CAUSES TEMPORARY REDUCTION IN SIZE OF THINK WEEKLY

The acute shortage of newsprint paper, being felt by publishers generally, (with the probable exception of PM and the Daily Worker) is the reason for the temporary reduction in size of THINK WEEKLY.

By using a comparatively smaller face of type, we are able to maintain the volume of reading matter and at the same time reach as many readers as usual.

We hope to resume our former size and format at an early date.

U. S. PERMITS RED CONTROL OF GERMANY

(continued from first page)

has been identified with Communism for many years in New York City, --- just the man to please Stalin.

After Samuel Lubin figured out the Morgenthau Plan for Morgenthau and Felix Frankfurter to push through, they had to be careful to get good men to see this starvation plan carried out. Colonel Bernard Bernstein, chief of Military Government Financial Division of Germany, works wholeheartedly for this plan. Now General Lucius Clay, on advice of Max Lowenthal, says Germans will be re-denazified --- some of those who were tried and sentenced to five years are to be resented to twenty years. What a wonderful court! The sentences are passed before the people are tried! And those who are not imprisoned are restricted to laboring jobs, regardless of their previous employment.

To realize the extent to which this plan is being carried out, consider that all the Oberammergau players, who patterned their lives as nearly as possible after the lives of the religious souls whom they portrayed in the Passion Play, have been in prison for some time and it has been officially stated that it will require ten years to de-nazify them. Here we see at work Stalin's system of education for religious people.

At the same time we read a humbug item in most of our papers last week of a Mr. Bauer, an American citizen in Germany, who is to be elected Mayor of Hamburg. He says he is so interested in helping to rebuild Germany he is giving up his U. S. citizenship. What he failed to tell us is that he was a Communist here in the U. S., like Oscar Lange, now Ambassador from Moscow-dominated Poland, who taught at the Chicago University (Red Incubator) and gave up his U. S. citizenship to work for Stalin. United States citizenship evidently means nothing when Stalin wants a job done.

Our Information Control Division, as well as our State Department, is saturated with Reds. Dana, the only News agency in the American Zone, is licensed to and operated by a Committee of Communists, headed by Dr. Rudolf Agricola, who is a Communist publisher of Heidelberg. This Communist Committee had been given the powerful radio transmitter of Frankfurt, since destroyed by fire, and they are now broadcasting news from Hamburg. News over this Communist station is broadcast to forty-two German newspapers in Berlin and the American Zone.

So we see the New Deal Administration has been busy not only building up Red Fascism here in the U. S., but also using the taxpayers' money to set up Communism in the American Zone of Germany. With Russia steadily liquidating everyone who will not accept Red Fascism in her half of Germany, we can expect at least these two zones to join under the Hammer and Sickle.

Those who wish to see what policy we are to carry out in Germany may do so by reading PM, the ultra Red paper in New York, which features LaGuardia and Max Yerner. Our State Department has followed the PM line completely.

It is plain to see why Stalin called so loudly for a second front while Germany had Communism bottled up in Russia. Now it is on the loose and Stalin smiles when he thinks of the eleven billion dollars lend lease he used to finance the Communist march over Europe. We paid in advance for Red Fascism in Europe. When Germany, in a similar but more serious position than

is the U. S. today, realized she would soon be at war and the large number of Communists within her borders would revolt against her, had these Reds locked up but many escaped to Russia to be sent back by Stalin as soon as Germany collapsed.

The two Red Fascist leaders now giving orders for Stalin in Germany are famous as heartless butchers, Wilhelm Pieck and Walter Ulbricht. Pieck gained confidence with the Kremlin by sacrificing his friends of long standing to be liquidated. He now lives in a mansion near Berlin. Ulbricht worked his way to the top by atrocities in Spain with Josef Broz (Marshal Tito).

Those who were in touch with the Communist revolution put down by General Franco will remember the Santa Ursula Convent in Valencia, which was used by the Reds after they had killed the Sisters. Boxes were built along the walls and were used to obtain confessions from enemies of Communism. The OGPU, under Ulbricht, placed hundreds in these boxes for days, where they could neither stand nor sit down.

Such are the madmen who now rule Germany, thanks to our cooperation. This is the kind of sadists Trygve Lie, Secretary General of U.N. and Stalin's errand boy, demands be turned into Spain again to start World War III.

Is it time for people to think or is it too late??? The same Red crowd of PM followers who are pushing the "Make Germany Communist" plan are trying to force Morgenthau starvation and slavery on Germany.

The book GERMANY MUST PERISH!, by Theodore N. Kaufman, illustrates the working of a plan similar to the Morgenthau plan. Let us quote part of the author's commentary: "This dynamic volume outlines a comprehensive plan for the extinction of the German nation and the total eradication from the earth, of all her people." In his book, Mr. Kaufman advocates a plan of German extinction by the sterilization of some 48,000,000 people, male and female, this being the approximate number now capable of procreation. Mr. Kaufman believes this plan could be carried out effectively within a period of three years or less, considering the number of surgeons available in the many nations which would participate in the plan. After the sterilization of the male and female population, there would of course be no births in Germany. The normal death rate is two percent a year --- is there more to be said?!!

The New Deal Administration blackout of news from Germany is almost as complete as Russia's Iron Curtain around the countries she occupies. This brazen crowd, in the U. S. is today backing Russia and branding as Fascists all who oppose Communism in America. They try to keep our minds on Hitler, who is dead and harmless, and thus off Stalin, who is very much alive and definitely harmful.

HAS OUR RED CROSS IN RUSSIA GONE COMMUNIST?

(continued from first page)

be disturbed. My talk with him, which lasted about fifteen minutes, brought no results for those whose worthy cause I had gone to defend. What I had in mind was not only the appalling and crying need of help for the destitute Russians but the intentions of the American contributors to the formidable campaign launched by the American Red Cross. Instead, Mr. Hubble took pride in telling me that he had just given a 28-cover dinner party precisely at a time when food was scarce and worthy Russians were dying of malnutrition. He added he was about to install himself in a new house which he ultimately occupied.

"If, as Mr. Powers' denial says, Red Cross Headquarters in Washington never received word from their representative in Russia or anybody else who succeeded him, that supplies were not going to those for whom they were intended, then who is to blame for this outrageous scandal, and what about the inspection tours so ably conducted with roast chicken, caviar and vodka?"

"On April 12 of this year an Associated Press news item from Moscow announced that: "The Soviet Union will have received \$27,000,000 worth of medical supplies and hospital equipment in contributions from the American Red Cross by the end of 1946, according to Elliott W. Shirk, director of Red Cross activities in Russia. Approximately 50 per cent of the donations consists of clothes, bedding and household supplies for orphanages, invalid homes and destitute individuals in war-ravaged areas, said Mr. Shirk."

"During the siege of Moscow I once visited a former well-to-do family whose father had been arrested by the G.P.U. at the age of 72 and arbitrarily condemned to ten years in a concentration camp on political grounds. The poor mother, in an effort of extreme traditional Russian hospitality, brought out of a hiding place a tin of A.R.A. haritack which she had been storing away for an extraordinary occasion. We feasted on that and some boiled water with some leaves thrown in called tea for the occasion. This venerable lady asked, as many had done before her, what the American Red Cross was doing in the capital. Again I was ashamed of being an American. A short time after this I was again in this home, standing by the dead frozen body of this very same lady, who had died of starvation. A few weeks later it was her son's turn and I recited the burial service over these two bodies in a room which registered several degrees below zero Centigrade."
